## **INTRODUCTION**

Efficient and Sustainable City Bus Services (ESCBS) Project is a step forward in the initiative taken by the Government of India (GoI) after Jawaharlal Nehru Urban Renewal Mission (JnNURM) and Sustainable Urban Transport Project (SUTP), under GEF 5, to promote bus based public transportation in the country. The GoI through Ministry of Urban Development (MoUD) with assistance from the Global Environment Facility (GEF) and the World Bank has initiated the project on ESCBS with focus on improvement of Bus Transport infrastructure, fleet management, ITS and improvement in fuel efficiency. This project underlines the goals of the National Urban Transport Policy formulated by GoI.

Chandigarh Transport Undertaking (CTU) has formed a Special Purpose Vehicle (SPV) to control and supervise the city bus services in U.T. Chandigarh. Selection of a System Integrator to implement the Intelligent Transportation System (ITS) is also in process. In order to monitor the ITS implementation in house Project Management Team needs to be built up. The various positions for the Project Management Team on contractual basis for three years (extendable upto 5 Years) on rolls of SPV are:
