

**OFFICE OF THE DIVISIONAL MANAGER CTU & DIRECTOR TRANSPORT,
UNION TERRITORY; CHANDIGARH**

CORRIGENDUM

Refer to e-tenders (ID No. 2016_CHD_32519_1) and subsequent corrigendum dated 09.08.2016 for Installation of Automatic Vehicle Location System (AVLS) and Passenger Information System (PIS) for CTU Long Route Buses displayed on the website of this Undertaking as well as website of the online tenders i.e. www.chdctu.gov.in and <http://e-tenders.chd.nic.in/nicgep/app> respectively. The Annexure attached with above referred corrigendum is reproduced as below and the same should be considered as a part of technical bid:

ANNEXURE

1. The bidders are required to install two GPS devices in two different buses of CTU for minimum 02 days.

Bidders will create the following two routes:

- i) Chandigarh – Amritsar and Back
- ii) Chandigarh – Ambala and Back

2. After running the system for minimum 02 days the following reports will be shown by the bidder to CTU during the live demonstration of the system:-

- a. Live location of the buses including direction in which heading
- b. Current speed, route, driver & conductor data
- c. Distance travelled report (day wise)
- d. Trip report: Time bus left the origin/destination, whether it was early or late or on time, the scheduled stops missed, the unauthorized stops made, distance travelled, MIS report, driver & conductor assigned, route deviation etc.
- e. Driver behaviour report converting over speeding, unauthorized stops etc.

3. During the live demo the bidder will also demonstrate the live ETA for the buses at all of the subsequent stops of the route. The same will be

crosschecked live with the CTU staff. The bidder will demonstrate the ETA on LCD display (simulating any of the subsequent station).

4. To demonstrate a mobile phone application which allows the commuter to know the ETA/ETD of buses at a specified bus stop and real time location of the buses.

Timelines are as follows:-

The prospective bidders whose technical bids are opened by the committee shall install requisite devices required for live demo well in time and give the live demo (on their own server) immediately after opening of Technical Bids which is not later than 3 days. Bidders who will not give live demo or submit their report within the stipulated period shall not be considered for opening of financial bids.
